

Charter School Special Education Roundtables

2008-2009

Purpose: To provide up-to-date special education information and professional development to charter personnel in a forum designed to meet their unique needs. Roundtable sessions will include opportunities for discussion periods, role plays, and after training follow-up. In addition, relevant websites, examples, and templates will be provided, when applicable. Training sessions will be identified as relevant for (B) beginning charter school teachers/special education directors, (A) advanced charter school teachers/special education directors, (D) directors/principals, or (E) everyone (school staff such as paraeducators, general education teachers, and related service providers).

Please register or RSVP prior to each training to ensure that materials will be available for you. RSVPs sent to sheri.johnson@schools.utah.gov should include topic, participants' name, and school.
